

Smart Investments Real Results

The Maryland Energy Administration works with State residents and businesses to save energy and money. Whether it's by lowering utility bills through energy efficiency upgrades, promoting energy independence through the installation of clean energy systems, or increasing our State's energy resilience, MEA makes smart investments and gets real results.

Renewable Energy

MEA provides grants for innovative clean energy systems and supports the development of offshore wind.

Energy Efficiency

MEA provides grants for money saving energy efficiency measures in the commercial and industrial sector and for low-to-moderate income Marylanders.

Policy, Planning & Analysis

MEA provides expert support on key energy policy issues facing Maryland, from efficiency to resiliency.
